The virtue of St. Jacobs Oil, as proclaimed by millions of restored sufferers, should induce every one to supply his house with this great specific. It conquers pain.

The Santa Rosa "Democrat" is authority for the statement that the articles of Harper Brothers Publishing Company of New York city, are on their way to Santa Rosa for the purpose of sketching Sonoma county.

The attention of vineyardists and orchardists is called to an advertisement in another column of thirty to fifty acres of vineyard wanted to rent for cash or on shares. Parties having such will address A. X., this office.

The Chinese laundryman, with the cunningness of their race, seeing that the contemplated establishment of a public laundry in this place was all but a foregone conclusion, have raised their prices and families are now compelled to pay fifty cents more per week for washing than was ever charged before.

The California Conference of the Methodist Episcopal Church, which has been in session at Balger's Grove, Monterey county, for over a week, adjourned last Tuesday. One of the results of the session was the appointment of the Rev. E. H. King in charge of the Methodist Church of this place, where he will preach regularly every Sabbath for the ensuing year.

On Saturday last Wm. Parish and James Crosby became involved in a wordy altercation, the outcome of a debt due Crosby by Parish. It is alleged by the latter that the former grabbed him by the lapel of the coat and severely shook him. For this Parish had Crosby arrested on Monday. On Tuesday Mr. Crosby was tried in Justice Breitenbach's Court and acquitted.

The Sonoma Valley Railroad Company will run an excursion train to San Francisco on Saturday, September 18th, to enable our people to visit the Mechanics' Fair. See advertisement in another column.

The ladies of the Congregational Church propose holding a crystal ball on Friday evening, September 17th, at the home of Mrs. O. W. Craig. The idea is to present to each one who pays twenty-five cents a beautiful piece of crystal, in addition to the usual refreshments of the evening. Efforts are making to prepare a attractive program, and it is expected the evening will be an enjoyable one. All are invited.

A row occurred on the north side of the Plaza last Monday between a couple of pugilistic inclined individuals, which resulted in the arrest of one of the parties for disturbing the peace. He was taken before Justice Breitenbach and fined \$10, which was promptly paid. Subsequently a warrant was issued for the arrest of the other, an Italian, name unknown, who anticipated the Marshal, and the present time has managed to evade that officer.

## NARROW ESCAPE.

A Little Boy Falls Down a Well Eighteen Feet Deep.

On Sunday afternoon last, while a number of children were playing in the rear of the Sonoma Valley Bank, one of them, little Thomas Bolger, aged about seven,

stepped on the boards covering deep well, and the planks being decayed gave way, precipitating him to the bottom. There being about ten feet of water in the well the child would undoubtedly have been drowned, before aid arrived had it not been for the lead pipe which depended from the pump. Clutching this upon rising to the surface, he called lustily for help. The other children gave the alarm and Alex. McGill, who was near at hand, procured a rope and went to the rescue. He found the youngster holding on to the lead pipe for dear life, and was met with the exclamation: "Par God's sake get me out of here." Alex. immediately lowered the rope which the boy grabbed, and he was drawn up on terra firma, none the worse for his adventure. "I'm much obliged to you," exclaimed the nery youngster to his rescuer, as he moved off. "I'll give you ten dollars to-morrow."

## An Interesting Exhibit.

Mrs. Capt. H. E. Boyes' display of curiosities at the Mechanics' Fair, is attracting a great deal of attention and the city papers are enthusiastic in their praise of the same. Mr. and Mrs. B's residence, near Sonoma, is a perfect museum of curiosities, many of their articles of vertu being handed down to them by their English ancestors, and being hundreds of years old. Others have been collected in their extensive travels, notably among the latter, hundreds of birds of all sizes and of brilliant plumage which fell victims to Mrs. Boyes' skill with the rifle and shotgun while sojourning in India. These have been subjected to the skill of a noted taxidermist and are displayed in glass cases. Mr. and Mrs. Boyes are quite proud of their collections, and well might they be, as they embrace the rarest in the State.

## A Strange Case.

Several weeks ago, a man, a stranger in these parts, made his appearance at Embarcadero. He drove a horse attached to a light top buggy. The man put up at Vollmar's hotel for the night, and the next day mysteriously disappeared, leaving the horse and buggy in Mr. Vollmar's possession. Where the man hailed from and what has become of him are questions which at this time are puzzling the people of Embarcadero. The most plausible theory is that the man hired the rig from some lively stable, and being a fugitive from justice, abandoned the rig and continued his flight on foot. The horse, buggy and harness is worth \$150 or \$200, and if an owner is not forthcoming inside of six months they will be sold in accordance with the law.

## That Bank Detalcation.

Says the Petaluma "Argus": "The examination of J. S. Van Doren came up again before Justice Balger on Thursday morning, and was again postponed in order to give the defendant time to obtain an expert to expert the expert who experted the books and discovered the shortage, and also on the account of the absence of Judge Shafter, one of Mr. Van Doren's lawyers. It is also asserted that if it turns out upon further examination that the funds of the Bank of Sonoma County are \$37,000 short as reported, suit will be commenced against the Bank Commissioners and their bondsmen for the shortage."

## Will Oper To-Day.

The new postoffice at Agua Caliente will open for business this (Saturday) evening, amid the waving of flags, firing of guns and rejoicing of the people in the immediate neighborhood. The first mail will arrive on this evening's train. The building and fittings up are completed and will be built by G. W. McIntire of this place, and though small, are as complete as any office in the county. The office hours of the new post-office will be from 8 A. M., to 8 P. M., daily. Sundays 8 A. M., to 2 P. M.

## A Righteous Decision.

The suit of the Charles A. Vogeler Company of Baltimore, Maryland, proprietors of the celebrated St. Jacobs Oil against H. Churchill & Co., of Bredane, Queensland, has been decided in favor of the former. The suit was instituted two years ago in the chancery division of the high court of Justice, London, and grew out of an attempt of Churchill & Co. to register a trade mark containing the words St. Patrick's Oil, for the purpose of reaping pecuniary benefit from the popularity of St. Jacobs Oil, the similarity of the two terms being so striking as to lead purchasers to being deceived. We congratulate the Charles A. Vogeler Co. on the victory it has gained and trust that their trade mark will be respected in the future.

The Union Hotel is becoming quite a resort for city visitors to Sonoma. The fame of this hotel is becoming well known to travelers and pleasure seekers.

## Garibaldi House.

This house has recently had another story added and is now an attractive three story building. It has received a new coat of paint inside and out and has been otherwise improved. Its proprietor, Mr. Modini, is deserving of praise for his enterprise. In these columns will be found his new advertisement, which is another indication of his enterprise.
